

Implementation Projects

Please note that all information under this section is in DRAFT form and may not be an accurate representation of the projects associated with OpenHIE.

Below is a list of OpenHIE implementation countries that are currently in the planning phase, strategies have been documented, implementations are underway or done. Countries have been identified but information needs to be shared by countries themselves to better understand where they are in there planning, implementations and capacity building.

- [Africa](#)
- [Asia and the Pacific](#)
- [Caribbean](#)
- [PEPFAR](#)
