**Description**

OHIN Africa-Asia is a discussion platform where those working on OpenHIE can bring questions and comments to the forum. We have the OHIN (Implementers Network) and the OpenHIE Community Call is starting to take on a flavour for supporting the OHIN. With the SIL and teams in SE-Asia working on OpenHIE architectures etc we wanted to open up a space where some of the OpenHIE members could be available to the AeHIN team to support with questions etc.
