Call Information

When

The **first Friday** of every month (excluding holidays) from **9:00-10:00 AM Eastern Time**, regardless of whether standard or daylight saving time is being observed. *(see [other time zones](#))

Description

The Terminology Service subcommunity serves as a central authority to uniquely identify the clinical activities that occur within the care delivery process by maintaining a terminology set mapped to international standards such as ICD10, LOINC, SNOMED, and others – It is the “What?” in the OpenHIE architecture.

The Mission of the Terminology Services subcommunity is to promote and support the effective capture, exchange (interoperability) and analysis (comparison and aggregation) of clinical information among components of the HIE. Our efforts include the documentation of principles, processes, interfaces and tools that support the mission.
