

COVID-19 Task Force

Terms of Reference

- Identifying and collating information relating to data standards and exchange relevant to the COVID-19 response
- Identifying gaps in and establishing standards for data exchange priorities
- Provide documentation and guidance (to both the global good community as well as proprietary software tools) to improve adherence to these standards
- Ensure that rapidly deployed solutions can be integrated into the national digital health architectures

Outputs

- HL7 FHIR profile / implementation guide for case reporting & contact tracing
- What do you need? Communicate with us on [OpenHIE Discourse forum](#).

Co-chairs: , [Carl Leitner](#), [theresa cullen](#) [Garrett Mehl](#)
