Call Information

When

This subcommunity has merged with the Data Use Community and starting in February will host a collaborative monthly meeting on the last Wednesday of the month at 1 pm UTC *(see [other time zones](#)). The DUC & OHIE PIM group will also hold ad hoc meetings regarding more technical subject matters; more details to come.

Description

This community works in part on the client registry, a component of the OpenHIE architecture and much more. There are two reference implementations: [OpenEMPI](#) and [MEDIC-CR](#). We want to make sure the system is highly performant and aids larger systems. Our high level goals are;

- Performance and Scalability
- Matching Algorithm
- Customization and flexibility in implementing it
- Improve manageability during operation
