Agenda:

1. Introductions and your organization's goals for health information exchange training materials
 - a. What type of people or roles are you wanting to train or currently training?
 - b. What are the key objectives for training the people/roles?
2. Group Sharing:
 - a. Plans and examples for using HIE materials in courses or other training:
 - i. Status of the project: Creating a strategy, planning, ready to implement, have implemented some training
 - ii. If you are ready to implement or have implemented what are lessons learned?
 - b. What is required to help strengthen country capacity around architecture, health information exchange and health information standards?
 - i. What are some ways the OpenHIE community could help?
 - ii. Are there other stakeholders that could also help? How?
 - iii. What experiences or goals would you like to hear more about from others?
3. What are the next steps?
