

2015 Architecture Meeting (Release Decision Making)

THIS EVENT IS NO LONGER A FACE-TO-FACE MEETING BUT WILL BE CONDUCTED AS A COLLECTION OF VIRTUAL MEETINGS

Overview

Dates: See schedule below **Location:** Lync see below

These meetings are being held to reach consensus and shared understanding on key technical and organizational processes. This alignment is needed to refine the OpenHIE architecture roadmap and the organizational processes needed to drive toward the next OpenHIE release and will include activities such as setting priorities, working toward consensus on group processes and defining key workflows that use emerging message standards for alerting and data aggregation.

- [Overview](#)
- [Objectives](#)
- [Deliverables](#)
- [Pre-work for Meetings](#)
- [Framework for Discussions](#)
- [Joining Meetings](#)
- [Agenda - Tuesday, August 25 - Friday, August 28](#)
 - [Day 1: Tuesday, August 25](#)
 - [Day 2: Wednesday, August 26](#)
 - [Day 3: Thursday, August 27](#)

Objectives

1. Establish priorities and milestones for next OHIE Release (What we will do)
2. Refine and document OpenHIE development and release processes, including roles and responsibilities (How we will work)
3. Develop a shared understanding of aggregate data and alerting workflows
4. Evaluate existing community structure (e.g., components vs. workflows)
5. Gain alignment on key emerging architecture topics, including:
 - Access controls
 - Vocabulary workflows
 - Enhancements to existing work flows
 - Federation Process (Check the notes from the call)

Deliverables

- Shared understanding
- Alignment on the topic
- Open issues, action items and next steps for the topic

Pre-work for Meetings

Sponsors / Topic Lead - Prepare an overview of the topic: (upload materials 24hrs. prior to discussion)

- Country Needs / Use Case
- Workflow draft or strawman proposal

Prior to the meetings, each attendee should familiarize themselves with the following content:

- Current processes
 - [Architectural Principals](#)
 - [Workflow Process](#)
- Presenters Material (*see below*)

Framework for Discussions

- Overview of the topic
 - Country needs / Use Cases
 - Workflow draft / draft proposal
- Group Discussion
- Next Steps

Joining Meetings

Dialing in: 1 (317) 274-3025 Conference ID: 4789672

Web Lync: <https://lync.ads.iu.edu/lu/meet/miclcox/H9QBTZ6M>

Agenda - Tuesday, August 25 - Friday, August 28

Day 1: Tuesday, August 25

[Notes for Day 1](#)

[Video for Day 1 - Part 1](#), [Video For Day 1 - Part 2](#)

Time (EDT)	Topic	Presenters Materials	Next Steps/Consensus
9:00 - 10:30	Aggregate Data Exchange Workflow(s) Sponsor: James Kariuki and Denise Johnson Goals: Understanding of how the workflow interacts with the architecture in V2.0.	ADX Workflow Presentation	<ul style="list-style-type: none"><input checked="" type="checkbox"/> Clarify the role of the IL<input checked="" type="checkbox"/> Create diagrams for workflows<input checked="" type="checkbox"/> Make Diagram more clear (Sender and receiver IL or source and destination))<input checked="" type="checkbox"/> Walk through the Validate and Save Aggregate data workflows<input checked="" type="checkbox"/> Determine the Role of the InfoMan in validating data <p>CONSENSUS: Move forward with these two workflows. One is further along. One needs more refining.</p>
10:30 - 10:45	Break		
10:45 - 12:15	Alerting Workflow(s) Sponsor: Dykki Settle , Eduardo Jezierski and Carl Leitner Goals: Understanding of how the workflow interacts with the architecture in V2.0.	150825 openhie_alert_workflo w.pptx	<ul style="list-style-type: none"><input type="checkbox"/> Do a detailed review by looking at actual alert messages to make sure the alerting workflow works at scale<input type="checkbox"/> Revise sequence diagrams based upon feedback and map to OHIE Actors<input type="checkbox"/> Ensure OHIE Community has a better understand the aggregator and how it fits with the IL or OHIE Architecture<input type="checkbox"/> Begin socialization with mHealth providers to cultivate interest in implementing other candidates at Connectathon in January<input type="checkbox"/> IHE test and have one implementation ready for OpenHIE 2.0 <p>CONSENSUS: This workflow is on a good path and we will move forward to try and get this in the 2.0 release.</p>
12:15- 12:30	Review Next Steps/Action Items		

Day 2: Wednesday, August 26

[Notes for Day 2](#)

[Video for Day 2 Part 1](#), [Video For Day 2 Part 2](#)

Time (EDT)	Topic	Presenters Materials	Next Steps/Consensus
9:00 - 10:30	Privacy and Security Sponsor: Derek Ritz (ecGroup) and Justin Fyfe Goals: Understand the current frameworks that have been developed. Determine what needs to be delivered in V2.0.	15-04-13 OpenHIE Consent Doc 15-08-25 Consent Directive Management.pptx	<ul style="list-style-type: none"><input type="checkbox"/> Create maturity model around privacy, consent, etc. (including: maturity model will include exemplar policy considerations, technology standards, prioritization of what trajectory looks like)<input type="checkbox"/> Justin will investigate PD!-12 as a place to start for disclosure. <p>CONSENSUS: Derek and Justin will create a draft maturity model for the group to give thought and input.</p>
10:30 - 10:45	Break		

10:45 - 12:15	Strategy for TS Validation Sponsor: Jack Bowie Goals: Finalize strategy for TS validation and determine next steps.	TS Validation Transaction.pptx	<input type="checkbox"/> Define the lift in creating a workflow for V2 that exposes a FHIR transaction to externally expose a way to get a value set. <input type="checkbox"/> Provide more details about what can be transfered (hierarchy and metadata) after connectathon. <input type="checkbox"/> Identify a sponsor for the PoS get code list workflow. <p>CONSENSUS: Want version 2 compliant server that is able to support fetch of the codes in a value set (value set could also include all of the codes in LOINC).</p>
12:15-12:30	Review Next Steps/Action Items		

Day 3: Thursday, August 27

[Notes for Day 3](#)

[Video for Day 3](#)

Time (EDT)	Topic	Presenters Materials	Next Steps/Consensus
9:00 - 10:30	ODD Implementation Sponsor: Ryan Crichton Goals: Shared understanding of the capabilities, implementation and work left to do.	ODD presentation	<input type="checkbox"/> Come up with the sections of documents we want to support (Immunizations are a priority) <input type="checkbox"/> Define support for which summary documents we are able to generate -APS and General medical summary <input type="checkbox"/> Update the workflow documents <input type="checkbox"/> IHE testing to demonstrate ODD <input type="checkbox"/> Ian Fine and others should look at the specifications to tell us if they meet the requirements or not <p>CONSENSUS: Creating a summary document for next release is too high a bar but can start implementing support for existing documents. Can also do something in the short-term if necessary.</p>
10:30 - 10:45	Break		
10:45 - 12:15	Open Time Slot		
12:15-12:30	Review Next Steps/Action Items
