

Interoperability Layer Subcommunity Calls

2024

- **April 30** - *Jembi's Central Data Repository Architecture and implementation experiences*
 - @ **9 am ET / 1 pm UTC / 3 pm SAST**
 - In this presentation and discussion Ryan Crichton will share Jembi's thinking on CDR architecture and the implications for IOL and SHR components. It will tackle issues such as scale, information flow, security and the use of FHIR. Please join us to learn more or to share your knowledge in this area. We would like to hear how others in the community are tackling similar issues.
