Mailing Lists

The OpenHIE community historically has maintained several mailing lists for announcements and communication.

In December 2019 all messages and conversations from groups marked "List Archived" were migrated from Google Groups to OpenHIE Discourse at discourse.ohie.org.

Group (*For links to these communities and their resources CLICK HERE.)	Description
Client Registry Community **List Archived**	This list is used for OpenHIE community discussions. There are also technical discussions had on two forums, one for users and one for developers. The forums are readable by everyone but in order for someone to post a question, they need to have an account. **Unsubscribe**: client-registry+unsubscribe@googlegroups.com
DevOps Community **List Archived**	The goal of this group is to build a sandbox in the cloud to mirror the RHEA setup. **Unsubscribe**: ohie-devops+unsubscribe@googlegroups.com
Facility Registry Community **List Archived**	A community of technologists and implementers supporting health facility registries and master facility lists. Join our google group to receive routine updates, event information, and ask your questions. **Unsubscribe**: facility-registry+unsubscribe@googlegroups.com
Health Worker Registry Community **List Archived**	Used for all provider registry project communications. **Unsubscribe**: provider-registry+unsubscribe@googlegroups.com
HMIS Community **List Archived**	Used for all project communications for the health management information system. **Unsubscribe**: open-hmis+unsubscribe@googlegroups.com
Interoperability Layer Community **List Archived**	Used for all project communications for the Interoperability Layer. **Unsubscribe**: openhie-interoperability-layer+unsubscribe@googlegroups.com
OpenHIE Announcements **List Archived**	Low volume (read: 1-2 emails a month), high membership list for people interested in following the progress of the OpenHIE community as a whole. **Unsubscribe**: openhie-announcements+unsubscribe@googlegroups.com
OpenHIE Architecture **List Archived**	One place for OpenHIE community members to discuss cross-cutting technical issues that affect our health information exchange. **Unsubscribe**: ohie-architecture+unsubscribe@googlegroups.com
OpenHIE Implementers **List Archived**	The OpenHIE Implementers Network (OHIN) is a forum for countries and implementers to bring their questions, problems and ideas so we can work on solutions together. **Unsubscribe**: ohie-implementers+unsubscribe@googlegroups.com
OpenHIE Leadship Group **List Archived**	This group is made up of the community leads who are operationally focused and working to spearhead the development of aspects around OpenHIE. For questions contact Jamie Thomas.
PEPFAR Data Exchange Implementer Community **Active**	Used for knowledge sharing for those actively involved in data exchange with DATIM and other PEPFAR systems. **Post**: pepfar-data-exchange-implementer-community@googlegroups.com **Subscribe**: pepfar-data-exchange-implementer-community+subscribe@googlegroups.com **Unsubscribe**: pepfar-data-exchange-implementer-community+unsubscribe@googlegroups.com
Shared Health Record Community **List Archived**	Used for all shared health record project communications. **Unsubscribe**: openhie-shr+unsubscribe@googlegroups.com

Supply Chain Subcommunity **List Archived**	This group engages with OpenHIE to leverage knowledge from real-world projects and the learning from OpenHIE to explore the use/creation of standards and standard processes that might be used to support healthcare supply chain tasks. **Unsubscribe**: openhie-supply-chain+unsubscribe@googlegroups.com
Terminology Service Community **List Archived**	Used for all terminology service project communications. **Unsubscribe**: terminology-services+unsubscribe@googlegroups.com
