Call Information

When

Calls for the OpenHIE Supply Chain subcommunity take place on the 4th Tuesday each month and center on topics brought forward by community members. To suggest a topic, please post it to Discourse and tag Josh Zamor or Pierre Dane.

Description

The OpenHIE Supply Chain subcommunity calls were created for members of OpenHIE and its Subcommunities to outline the scenarios currently being explored and implemented in the healthcare supply-chain space, and discuss how OpenHIE and standards can be leveraged to support that work. For a description of the groups objectives, see Supply Chain Subcommunity and please visit https://discourse.ohie.org to join the conversation.
